ITEMS NOT ON AGENDA:

(1) Due to some concerns voiced by Gate City Town Council members, Planning Commission suggests that the potential entry for Tiny Homes in 30-3-Definitions, be adjusted to the following.

*Accessory use or structure* means a subordinate use or structure customarily incidental to and located upon the same lot occupied by the main use or building. Permitted accessory uses or structures include private garages, guest houses; swimming pools, hot tubs and Jacuzzis; accessory buildings for storage of household goods and maintenance items, tennis courts, basketball courts, volleyball and badminton areas; home gardens and landscaping features, private security or dusk-to-dawn lighting, children's play structures, gazebos, dog houses, dog pens, private greenhouses. Tiny home or guest house by special exception and use permit only.

In this way, every potential application would be inspected by the Planning Commission and forwarded to Town Council with recommendations to either approve or deny. At which time Council has the option to either approve or deny.

Further down at the actual definition between *Substantial improvement* and *Tourist home*, insert the following

Tiny home, aka ADU, Accessory Dwelling Unit or guest house. A dwelling that is 400 Sq. Ft. (37m<sup>2</sup>) Or less in floor area, excluding lofts. Construction must comply with the 2018 Virginia Residential Code, Appendix Q, Section AQ 101 through AQ 105.1.

Update the definition of Guest house.

Guest house means an accessory structure which is intended to be occupied by one or more guests of the owner, but in which no provision is made for cooking. Construction must comply with the 2018 Virginia Residential Code, Appendix Q, Section AQ 101 through AQ 105.1.
