#### MOTION CARRIED

- (2) In attempting to develop an easier-to-interpret description for the setback lines in Zones C1 and C2, Mr. Hal Weeden, one of the original framers of the ordinance, recommended that an inquiry be made to V-DOT for information defining the current Rights-of-Way on both sides of the street in both zones.

Greg Jones received copies of Rights-of-Way maps from V-DOT for Article VII. - Commercial District C-1.

For the purposes of discussion at the up-coming joint workshop meeting between The Gate City Town Council and the Gate City Planning Commission, Commissioners suggest replacing the original setback regulations with:

Building setback lines shall be located a minimum of five (5) feet from the official V-DOT right-of-way line. In the event of impediments caused by the natural topography, the option to request a Special Exception and Use Permit is available to the property owner.
